Ambassador Bowman 柏安卓大使 of Saint Vincent and the Grenadines promotes Happy Home World Alliance International(HHWAI) U. N. 60-Country Forum

-聖文森駐台柏安卓大使 2020/6/20 在中山女高座談會演講後，柏大使自己整理傳給媒體之內容-

On Saturday 20th June, 2020, Saint Vincent and the Grenadines's Ambassador in the R.O.C/Taiwan was the guest of honour at The Taipei Municipal Zhongshan Girls' High School. The Ambassador was welcomed to the 120 year old alma mater of President Tsai Ing weng by the school's principal, Ms Wu, Lee-Ching(中山女高-吳麗卿校長); Chief Inspector, Taipei City Government Education Bureau, Ms Liu Zijun(臺北市府教育局-劉姿君主任督學); the Founding President of The High School Higher Vocational President Fraternity, Mr John Lin (臺北市高中高職會長聯誼會-林瑞彬創會長); Taipei City Distinguished Citizen Association, Chairman Lin Hsiu Chung (臺北市傑出市民協會-林秀宗理事長); the Chairman of the National Alliance of Presidents of Parents Associations, Mr Peter Pin-Rui Pan (全國家長會長聯盟-潘品睿理事長) and Jingmei Communications Service of Cathy Life Insurance, Liao Rui wen Section Manager & Kung Kao Chang Project Leader (國泰人壽景美通訊處, 廖瑞文課長與龔高強主任) among other officials. Ambassador Bowman was accompanied by Happy Home World Alliance International (HHWAI) executive members, Chairman Fr. Abdon Mansurdi (台灣國際幸福聯盟-滿思定理事長); Secretary General, Mr Brandon Chang (台灣國際幸福聯盟-張坤池秘書長) and his wife, Professor Lidia Lin (台藝大-林美智副教授). The Ambassador serves as an advisor to HHWAI and during her address to the school's faculty and members of the school's Maple Ambassadors Club, she focussed on HHWAI's goal of hosting a U.N. 60-Country Forum in August, 2021.

The Ambassador, a former Principal, who has been an educator for close to forty (40) years, began by speaking of the role of schooling and its importance in moulding young persons into effective leaders. She said, "when I speak of schooling, I am specifically referring to the transmission of education which takes place within the walls of classrooms; the education which takes place as a result of these teaching spaces. A great deal of human education takes place outside of the classroom, but the schooling to which I am here referring is classroom based or dependent." This type of schooling she said does not just teach us WHAT to think, it teaches us HOW to think, and it is the HOW of thinking, the means of developing from the literal to the abstract levels of thought, which ensures an ability to become a life-long learner. She feels that, "schooling endows the schooled with a tool for achieving growth, self-fulfilment, self-knowledge and a sense of one's place in the global environment."

According to the Ambassador, school plays a crucial role in moulding young persons for their roles in their families, their communities, their countries and their roles on the global stage. This reality, this concept, she says, aligns with one of the important objectives of HHWAI, whose tenets rest on the strengthening and protection of the family, so that young persons would in turn be empowered by the family's love and security. HHWAI's focal objective at this stage is to have young persons, who have been moulded into confident, effective leaders, take its vision of global peace and harmony, which would be informed by knowledge of and respect for one another to the United Nations. HHWAI hopes to host a U.N. 60-Country forum designed to place the voices of young persons on the table for meaningful engagement and interaction in August, 2021. These young persons from at least 60 different countries, schooled in disciplines which teach respect for and the value of diversity, must be able to make a positive difference to the global discourse on social justice and equity. The Ambassador pointed out that the pandemic caused by COVID-19 poignantly demonstrated to us the artificiality of our geographical borders. The pandemic she said allowed us to recognize the necessity of a global perspective which values our shared humanity above vainglorious

socio-economic and geopolitical structures. This is a perspective she says which will be advanced once our young persons are given the opportunity to speak with one, yet diverse voice to a global audience.

Ambassador Bowman concluded her address by reiterating her embassy's support for HHWAI's "ambitious 2021 objective." Her final words were, "let us be brave enough to work towards the realization of this objective. The goodwill which drives this objective is simple but it is strong. Let us make it even stronger by having faith in the ultimate strength of small forces working together to accomplish big outcomes. Youths comprise a country's vitality. Let us resolve to harness this vitality to enhance our world."

This letter is to confirm my support in essence for "2020 U.N. 60-country Peace Through Strength, Friendship and Freedom forum", the subtitle for this forum being "Young Power Shaping a Brighter Future."

This forum will be attended by 100 young dynamic leaders (recommended by interfaith leaders who themselves are agents of change) from 60 countries of 6 continents and 20 USA & Canada cities, including a refugee from Darfour who will speak from the point of view of a refugee in the forum to enrich the debate.

Family T.A.B.L.E. Initiative originated in Taiwan in 2013, emphasizes that FAMILY TABLES are the connection, WORLD PEACE is the objective, Happy Home World Alliance International (HHWAI) is the peace train we ride together. T.A.B.L.E. represent an acronym for a set of values to help bring world peace, social justice, youth empowerment, and racial reconciliation, and they are: T-Talk for togetherness, A-Accept for affirmation, B-Build for blessing, L-Listen for love, and E-Enjoy each other's company.

This forum will be held on August 1-10 in New York, and envisions a collective action of 100 global young dynamic leaders to confront the crisis of exclusion when dealing with issues such as global warming, fair and inclusive global wealth, gender equality, famine, refugees, violence & bullying, racial conflict, people victimized for religious reasons, poverty, human trafficking and others. Global young leaders will move forward united with one purpose, and that is working together to shape a brighter future. "As the family goes, so go the Nations, and so go the world."
