(Dr. Gau-yu Wang's mailing address)

To Whom It May Concern:
c/o Dr. Gau-yu Wang.

I am very pleased to be a host of the “Partnership program for the Connection to the top labs in the world (Dragon Gate Program)” supported by Taiwan’s National Science and Technology Council (NSTC) and look forward to welcoming Taiwanese team (researchers and students) into my lab, Department of Physical Therapy (DPT) of Fantasy University.

For the Dragon Gate Program, we understand that NSTC will support the costs of the Taiwanese Principal Investigators, Post-doctoral researchers and Ph.D. students, including their international airfares and local living expenses. We also understand that the research expenses incurred in DPT as result of this program will be covered by this program.

As the program partner, the DPT will assign office and laboratory space to them for their research. Furthermore, provide the relevant research facilities and these will be free of charge to the Dragon Gate Program researchers. The DPT also provides logistic help for students and postdocs to live in and enjoy the University area. I am confident that outstanding scholars from Taiwan will thrive in the special combination of high expectations, abiding friendships and a beautiful environment that DPT provides.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Jill Smith", with a stylized flourish at the end.

Jill Smith
Head, Department of Physical Therapy
